# KLUDI BALANCE

## Complete harmony

KLUDI BALANCE radiates soothing calm. Crisp lines are combined with gentle curves in a timeless design, which is the perfect match for discriminating bathroom concepts. The lever seems to float above the mixer body. Fitting like a glove on the hand with its beautiful lines, it regulates the flow of water precisely.

basin mixer DN 10

## Award-winning design and functions

The single-lever basin mixer from the KLUDI BALANCE range was awarded the renowned iF product design award in 2012 for the harmonious interplay of naturalness and functionality. It impressed with its timeless design.

The electronic basin mixer with sensor technology was given the Plus X Award for high quality, design and ease of operation. Just hold your hand in the sensor zone, which is clearly marked, and the water will start running immediately – hygienic and clean, as there is no need to actually touch the mixer. When you move your hands away, the water will stop running immediately. This saves water and energy.

shower mixer DN 15

## Superior quality design and an appearance with sophisticated details

The plane, highly polished surfaces of the mixer body are produced in a complex process. The diverter for the shower function has been integrated. It is easy to grasp by the crosspiece even with wet hands. The mixer body cleverly conceals the escutcheons – superior quality design and an appearance with sophisticated details.

## KLUDI BALANCE makes convenience tangible

The free-standing bath- and shower single lever mixer for deck mounting has been designed for free-standing baths. Its beautiful form and the modern technology make it a real eye-catcher in high-standard bathroom interiors. One special feature of the three-hole, rim-mounted bath mixer is the retractable handset.

Use the KLUDI s-pointer so that bathwater runs almost silently into the bath. Simply tapping it with your finger allows you to adjust the angle of the stream of water as you like. The water flows elegantly over the rim instead of gushing loudly into the bath. So you can have a relaxing bath even late at night.
