AERA T

**INNOVATIVE HARDGLAZE 2.0 GLAZE: CLASSIC TREND FLOORING.
ALSO AVAILABLE AS TERRACE SLAB. IN PROFILED 40 x 80 CM.**

Some colour tones are representative of a certain architectural style and really depict that in a nutshell. cool grey, warm brown and elegant yellow – powerful colours that one can regard as typifying the enduring architectural trends of the Bauhaus style, cottage style or villa style. As reduced, comfortable or elegant as the architecture – that is how this flooring appears, depending on the colour. With the classic Aera natural stone structure, but also with an even more self-assured surface finish, although it remains just as easy to clean and anti-slip. The Hardglaze 2.0 glaze developed by Ströher on the basis of highly refined, mineral-oxidic raw materials is what makes this possible and turns Aera T into a durable trend flooring without short-lived colour capricious.
