

TERIOTEC® X PROFILE

A STRONG STRUCTURE,
BUT ALSO WITH AN
EASY-CLEAN
SURFACE TECHNOLOGY.

TERIOTEC® X PROFILE

NATURAL STONE HAPTICS – IN A CALIBRATED STONE BLOCK FORMAT. EASY TO CLEAN AND HYGIENIC.

TerioTec® X Profile is a safe to apply terrace slab that does not only correspond to natural stone in terms of optics but also haptics. This was made possible by the new and especially for TerioTec® X Profile developed glazing technique named "ExtruTec® Print".

It is another frost-proof terrace slab that is also stress-resistant, easy to clean and anti-slip thanks to the modified "Hardglaze 2.0" by Ströher. The ExtruTec® Body Technology guarantees a weatherproof pore structure and a heavily structured reverse-side texture, and thus optimal adhesive properties for fixing the slabs in place.
