CHEVRON 600 - 740MM

PROTECTION

Natural Oil: For a rich and saturated patina.

U.V. Oil: Fusion of natural oil and lacquer that enhances protection against wear and stains.

Hardwax Oil: Oil and wax blend in a water-repellant treatment that prevents the wood from getting dry and brittle.

Sealer: Unique tung oil water-repellant finish that give the user all attributes of a traditional natural oil finish with the added durability of this patented formula.

our products are sustainable and eco-friendly with both: people and the environment
