La moda di oggi?
Essere fuori moda!
Per accorgersene basterà guardarsi intorno.
Ad imporsi oggi sono le atmosfere retrò, tra mobili che sembrano rubati ad una serie tv ed abiti presi in prestito dall'armadio della nonna.
Questo è Evolution!

Una serie senza tempo, perchè evoca i ricordi del passato con tutto il loro fascino, ma al tempo stesso presenta un'evoluzione data dall'utilizzo di materie di oggi, che la contraddistinguono quindi per la sua attualità.

10 colori in formato 20x120 cm che vanno dai bruni, ai grigi, ai verdi attraversati da un velo di beige che li scalda tutti donandogli una luce fioca facendoli sembrare usurati dal tempo.

Evolution con i suoi svariati colori può essere utilizzata sia monotinta, creando ambienti eleganti e contemporanei, o mix per rendere un'ambiente ancora più dinamico e allegro.

Si creano così ambienti in cui riecheggiano sapori dal passato in perfetto equilibrio tra tradizione e modernità.

*What is fashion today?
Originality is the answer!*

To notice this, all you need to do is look around.

Retro atmospheres are imposed everywhere.

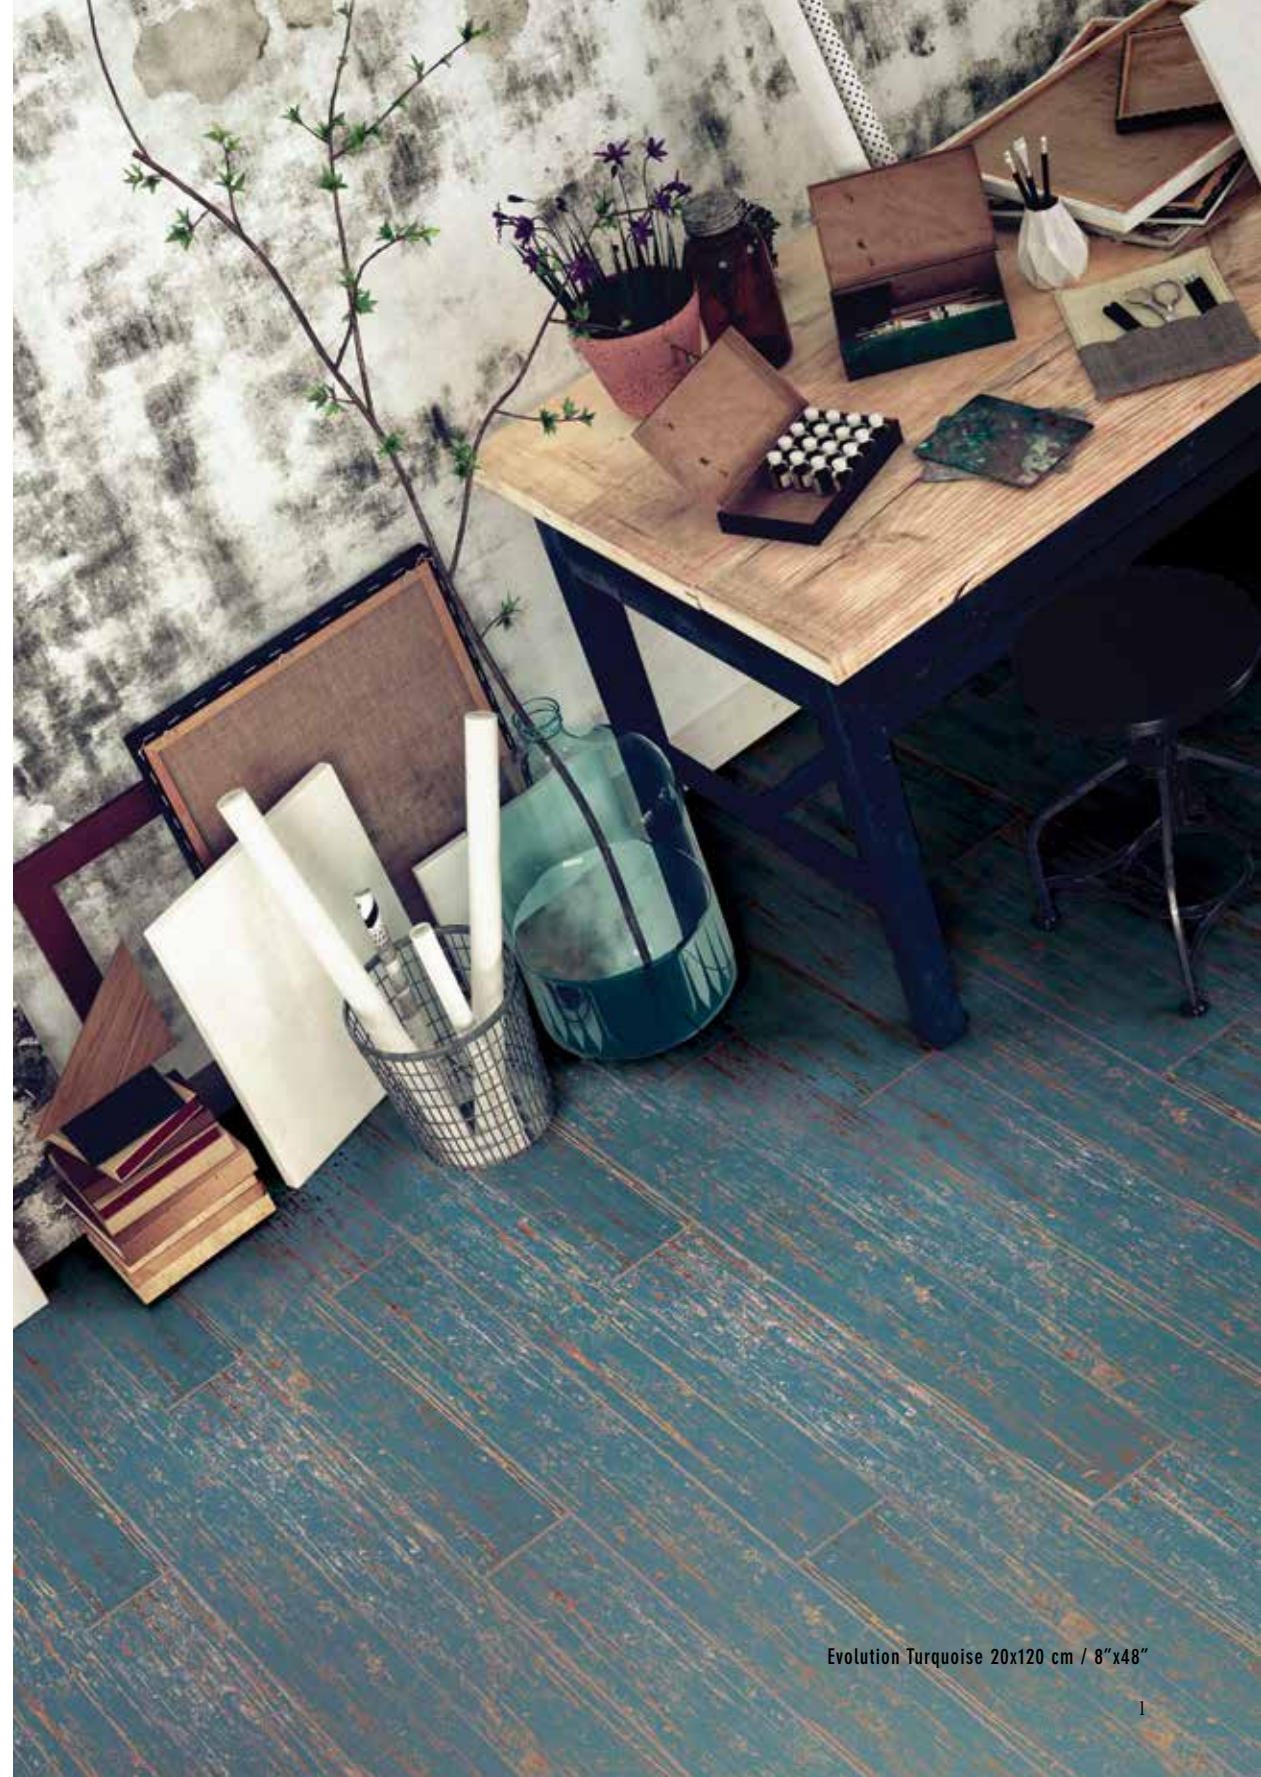

Shabby chic furniture that looks like it's been stolen from an old TV series and clothes that have been borrowed by Granny's wardrobe!

All mixed with the most fashionable modern pieces....

*This is what our Evolution collection is all about!
Timeless with its consumed look, it reminds us of the past and all its charm, but at the same time this original timber finish presents an evolution because of the modern materials and colours used, which launches it to our current period. Evolution, can be used monochrome on its own, creating contemporary and elegant environments, or with a mix of various colours to enjoy an even more dynamic and cheerful atmosphere.*

May it be for the residential area of a new home, or the refurbishing of a stylish seaside or country house, or for a trendy bar or shop, the use of this unique collection is a perfect balance in mixing tradition and modernity together, creating a very fashionable solution.

*Full body glazed porcelain, 10 warm colours in size 20x120 cm / 8"x48", which go from sandy light pale colours to greys and black, to blues and greens, all with a delicate touch of metal which adds a beautiful light to the finish.
Evolution.... And the past is in perfect harmony with our current day.*
